Karlsruhe Transnational Meeting

Miguel Ángel Conde-González
University of Leon
mcong@unileon.es

Abstract
The overall presentation about the status of the RoboSTEAM Erasmus+ Project (Ref. 2018-1-ES01-KA201-050939) [1-4] used at the 2nd face-to-face RoboSTEAM project meeting held in Karlsruhe (Germany) on September 30th to October 1st 2019.

Some of the instruments presented or proposed are based on the Román-González’s PhD Thesis [5] and the Taccle 3 – Coding Erasmus+ European project [6-11], with a special emphasis on Computational Thinking [12-14] and competences [15] in STEM [16] and STEAM [17].

Keywords
RoboSTEAM, Erasmus+, STEAM, Robots, Computational Thinking, EU
