Youth for Exchange and Understanding aims to further empower young people and continue being their platform to develop and share their ideas. On this occasion, YEU calls young people to #SpeakUP on the issues covered by Structure Dialogue and get engaged in #WYREDproject.

Share your thoughts and ideas with us and allows to show the world that
#YEUisYOU

Wyred is about **empowering young people**, by trusting them and listening to them. What we do is bring them together, they **talk** to find out what issues matter most. Then they **explore** the issues more deeply in projects, looking for solutions, and better understanding.

Finally they **share** what they have discovered, with society, with government. We guide them, they grow, they realise their **voice** can be heard, and play a more active role in society.

And society finds out **what really matters** to young people.

YEU is actively taking part in the 6th Cycle of the European Union's
"Structured Dialogue with Young People"

This process wants to engage young people and give them space to share opinions and ideas and directly shape policies in European Level.

As part of the Trio presidency (Estonia, Bulgaria and Austria), the 6th Cycle focuses on the input of Young People to shape the new EU Youth Strategy 2019+.

Please take some time and make your voice

heard.

In order to support the process, please
