Resumen

Presentación del Programa de Doctorado en Formación en la Sociedad del Conocimiento de la Universidad de Salamanca [1-7] en la sesión de *kick-off* de la edición 2016-2017, celebrada el 6 de noviembre de 2016 en la Facultad de Educación.

Se presentan los grupos de investigación que de una forma más significativa sustentan el programa de doctorado: la Unidad de Investigación Consolidada de la Junta de Castilla y León GRIAL (UIC 081), que se compone de los subgrupos GRIAL [8, 9], GE2O y GITE; el grupo OCA; el grupo VISUALMED; el grupo de Robótica y Sociedad; y el grupo E-lectra.

De estos grupos se presentan sus principales proyectos de investigación actualmente en curso: WYRED: netWorked Youth Research for Empowerment in the Digital society [10, 11]; E-EVALINTO: Evaluation environment for fostering intercultural mentoring tools and practices at school; TACCLE3 - Coding [12-18]; A Digital Ecosystem Framework for an Interoperable NETwork-based Society (DEFINES); Laboratorio Bi-Nacional para la Gestión Inteligente de la Sustentabilidad Energética y Formación Tecnológica; Confidence in behaviour changes through serious games; Evaluación de la competencia digital de los estudiantes de educación obligatoria y estudio de la incidencia de variables socio-familiares; EFI-4: Evaluación de impacto del desarrollo de competencias básicas sobre el rendimiento académico en Educación Secundaria: Propuesta de Formación e Innovación docente; A Million Pictures: Magic Lantern Slide Heritage as Artefacts in the Common European History of Learning (EURO-MAGIC); Herramientas narrativas para reducir el prejuicio. Efectos de la similitud, el contacto imaginado, la empatía y la voz narrativa.

También se presentan las principales líneas de investigación del programa de doctorado:

1. Evaluación Educativa y Orientación [19-27].
2. Sistemas *software* interactivos [28-34].
3. *eLearning* [35-40].
4. Investigación-Innovación en Tecnología Educativa [41-44].
5. Medios de Comunicación y Educación [45-48].
6. Medicina y Educación [49-54].
7. Robótica educativa [55, 56].
8. Ingeniería y Educación [57-62].

9. Educación y Sociedad de la Información [63-67].

Por último, se destaca el papel de la conferencia TEEM (*Technological Ecosystems for Enhancing Multiculturalism*) [68-72] y el de la revista *Education in the Knowledge Society* [73, 74] como recursos para que los doctorandos divulguen sus trabajos de investigación.

Enlace a la presentación
