1 year ago...

The last face-to-face meeting was in Colombia

Dublin meeting was online

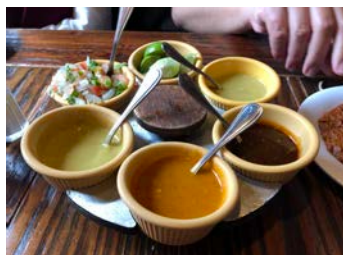

Torino meeting was also online
(I have not visited Torino, so the photos are from Internet...)

Costa Rica meeting was cancelled...

Now we should be in Monterrey and Guadalajara, Mexico

We will be online today, but face-to-face tomorrow

- We must continue to **“keep the flame burning”** (mantener la llama encendida)
- This project is cooperation, collaboration, equality, exchange, learning
- We must keep the W-STEM spirit although we will continue working online several months
- **This meeting aims... fostering our connection with the project, starting together the third year and defining the next steps together**
